41st VENEZIA IN CORO

International Choral Festival

15th-18th JUNE 2017

ABOUT US

The Association for the Development of Choral Activities (A.S.A.C. - Veneto) is the association of choirs from the Veneto region, founded in 1979 with the goal of developing choral activity through training courses, competitions, festivals and exhibitions. Currently, ASAC has 340 choir members and is federated to FENIARCO, the Italian Federation of Choral Associations and is affiliated to the Europa Cantat.

THE FESTIVAL

VENICE, a city of art and of nature unique to the world which fascinates every visitor, is the center of the **41st International Choral Festival "Venezia in Coro"**, open to choirs of all types and repertoire, promoted by A.S.A.C.-Veneto with the patronage of FENIARCO, the Veneto Region and the City of Venice. Born from the desire to bring together choirs from all over the world to a city that is synonymous with music, as confirmed by Nietzsche, the Festival proposes to encourage an exchange and confrontation between diverse musical experiences, living shared moments like Open Singing on Saturday evening and liturgical animations on Sunday within the golden frames of St. Mark's Basilica and the impressive Basilica of S. Maria Gloriosa dei Frari where Claudio Monteverdi was buried. In addition to these musical moments, ASAC-Veneto does not want to neglect the historical and artistic value of the city and its wonderful islands therefore offers to these guest choirs, if they wish, guided itineraries that lead to the most significant places of Venice and its lagoon.
